

NEW ZEALAND

MORE THAN A STEP OFF THE BEATEN PATH

Something New....Something Decidedly Different Defining the genuine New Zealand Experience

It's time for you to discover New Zealand, how it was and how it is—a land that is dynamic; a people who are distinct. The flora and fauna – unique and diverse. Visit islands where the number of individual humans is limited; the number of birds is unlimited and those that are endangered forage naturally on the ground, in the trees and on the flowers and fruits scarcely seen on the

Overnight and awaken to the joyful songs of the dawn. Journey to coastal waters, home to the whales and seals, the rare yellow eyed penguins, and the rarer still Hector's Dolphins.

The land – both gentle and severe. Hike the volcanoes, the rugged coastline, and geothermal areas filled with boiling waters and bubbling mud pools. Thrill to the power of the water and wind; sail an America's Cup Yacht. Stay the night at the base of an active volcano. Stay another night in luxury in the canopy of the rainforest.

Te papa – the people - creating a culture rich in its tradition; deep in its roots. Meet the Maori in

their remote mountain home, a place of incredible beauty and one that, to the ancestors, was a place of resting whilst healing both body and mind. Meet them also in the rainforest as you would have met them two hundred years ago-fierce, proud and talented in the preparations for a peaceful feast or fearful fight.
